Congressional District 2 Republican Candidate Clint Moore's comment on Federal court ruling on redistricting

Houston, Texas - "This is good news for all Texans, and especially for the citizens of the new 2nd Congressional District. Thanks to the Court's ruling, we all have a great opportunity to elect a proven conservative leader like myself to Congress this year.

Because of my extensive experience and knowledge in business, industry, government, politics, science, and technology, I'm the most qualified candidate in either party to be our next congressman.

Congressmen vote on, and are involved with, issues that can have a major impact on our lives and our pursuit of the American Dream. These critical issues affect our families, jobs, taxes, national & homeland defense, and our financial security. As a proven, longtime conservative Republican leader, I will represent and serve the citizens of District 2 as the best Congressman they've ever had."
